## ULTRASOUND PREPARATION- Pelvis and Obstetrics

### ONE OR TWO WEEKS BEFORE SCAN

- If you have had a previous ultrasound done at a different facility, please call that facility and coordinator a time to pick up a copy of that scan on a CD, not the report. Please bring in that CD to your appointment, so we may copy the CD and give it back to you. *If there is no way for you to pick up the CD before your appointment, we will have you sign a Release of Information form.*

### DAY OF THE SCAN

- **Finish 32 ounces of water 30-45 minutes before your appointment; do not empty your bladder until AFTER your appointment**
- Please **arrive at least 15 minutes before your appointment** to fill out paperwork
- Please **bring your photo ID and insurance card**
- We highly recommend wearing comfortable clothing without any metal (i.e. zippers). We also recommend not wearing watches or jewelry. Ladies, we recommend wearing a bra with no metal clips or an underwire.
- **For patients with high cholesterol**, it is okay to take your medication
- **For patients with claustrophobia**, bring your medication (do not take them)
- **For patients with diabetes**, please let us know ahead of time for specific instructions

We will confirm your appointment at least 2-3 days ahead of time. If you need to cancel or reschedule an appointment, please let us know as soon as possible. If you have any other questions, do not hesitate to contact us.
